

## The Twin Advantage

### Single Power Backup System for your home as well as your computer

#### PURE SINE WAVE HOME UPS SYSTEMS

World's most advanced sine wave technology based, this Home UPS systems provides 100% pure power which runs all appliances without the irritating-humming sound

#### Feature Highlights

Fuzzy Logic Control : Advanced technology which protects battery, reduces frequency of water topping and enhances battery life.

Saves 40% electricity bill as compared to square wave inverter

Incorporates smart overload sensing and short-circuit protection with auto reset.

Ideal for sophisticated electronic equipment like new generation DVD players, monitors, printer, scanner, in addition to tube lights, fans and room coolers.

## DIGITAL HOME UPS SYSTEMS

Based on modified square wave technology, Digital Home UPS systems are the most cost effective and viable option.

### Feature Highlights

- Negligible switchover time: for the computer to run uninterrupted during power cuts, without rebooting.
- Space Saver – ideal for modern day households.
- Choice of various aesthetically designed models.
- Option of castor wheel mounted trolley for easy movement.
- Suitable for Personal Computers, Printers, Fax machines, Fans, Tube lights and Televisions.
